### Purpose of this spare parts catalogue

This spare parts catalogue can be used to order individual components and assembly groups for the weapon.

### Target audience for this spare parts catalogue

This spare parts catalogue is intended for trained firearms technicians and administrative personnel.

### Information in the spare parts catalogue

This spare parts catalogue contains all of the information that is necessary to order individual components and assembly groups for the weapon. The contents of this spare parts catalogue have the following meanings:

| Information                           | Meaning                                                                                                                                                                                                       |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Illustration of individual            | The illustration of individual components is an exploded view showing all parts of the weapon that can be ordered.                                                                                            |
| Item (Item Number)                    | The Item Number shows the number of the part in the exploded view. If there is a "--" instead of the Item Number, then the indicated item is not shown in the exploded view, but can be ordered nevertheless. |
| Designation                           | The designation contains the name of the part. If more than one of a part is present, then the number of parts is shown in brackets after the designation, e.g. (2x).                                         |
| Ident.-No.<br>(Identification Number) | The Ident.-No. is Heckler & Koch's internal number for identifying products and individual components.                                                                                                        |
| NSN (NATO Stock Number) – optional    | The NATO Stock Number is an international code for the classification of products and individual components.                                                                                                  |
