SPARE PARTS CATALOGUE
SFP9 OR MATCH PISTOL
IDENT.-NO. 255834

Heckler & Koch is a leading firearms manufacturer of global proportions, yet remains firmly rooted in Germany. The company has been a dependable partner to security forces, police and special forces of NATO and its associated states for over 70 years.

Heckler & Koch stands for superlative quality and innovative products. Heckler & Koch is also the only small arm supplier with a comprehensive product portfolio. Its range includes pistols, submachine guns, assault rifles, designated marksman rifles, training systems and 40 mm systems.

Using this spare parts catalogue

Purpose of this spare parts catalogue

This spare parts catalogue can be used to order individual components and assembly groups for the weapon. Parts and assembly groups can be ordered from Heckler & Koch by indicating the weapon, designation and Ident.-No.

Target audience for this spare parts catalogue

This spare parts catalogue is intended for trained firearms technicians and administrative personnel.

Information in the spare parts catalogue

This spare parts catalogue contains all of the information that is necessary to order individual components and assembly groups for the weapon. The contents of this spare parts catalogue have the following meanings:

INFORMATION	MEANING
Illustration of individual components	The illustration of individual components is an exploded view showing all parts of the weapon that can be ordered.
Item (Item Number)	The Item Number shows the number of the part in the exploded view. If there is a „>“ instead of the Item Number, then the indicated item is an assembly group and includes several parts.
Designation	The designation contains the name of the part. If more than one of a part is present, then the number of parts is shown in brackets after the designation, e.g. (2x).
Optional	These parts can be ordered as an alternative or supplementary to the parts installed in the weapon.

INFORMATION	MEANING
 Ident.-No.	The Ident.-No. (Identification Number) is Heckler & Koch's internal number for identifying products and individual components.
 NATO Stock Number	The NATO Stock Number is an international code for the classification of products and individual components.
 Quantity per 100 weapons	This number indicates the recommended quantity to keep in stock per 100 weapons. The quantity includes both wearing parts and parts which may become lost. This information represents theoretical values based on experience, and may vary in practice.
 Proof firing required	The designation „X“ shows those parts who are proof firing required. Parts who are proof firing required can only orderd as assembly groups from Heckler & Koch.
 Comments	This column may contain additional information.
 Colour	The column contains information about the colour shade for the parts: SW = black / FDE = flat dark earth / GB = green brown similar to RAL8000 / SB = sand brown RAL8031
